

Program: CARME in ASSOS Saturday 1st to Tuesday 4th October 2011

• Saturday Morning Session 1 Response styles and data quality in social surveys

Chairman: Öztaş Ayhan (Middle East Technical University, Turkey)

10:00-10:15 *Welcome* by local organizers

10:15-11:00 **Jörg Blasius** & Victor Thiessen: Institutional quality control practices

11:00-11:45 **Angelos Markos**: Student response patterns and scale usage heterogeneity in PISA 2006 science interest scales

11:45-12:15 *Tea/coffee break*

12:15-13:00 **Pieter Schoonees**, Michel van de Velden & Patrick Groenen: Constrained dual scaling of successive categories for detecting response styles

13:30-16:30 *Excursion* to Assos village, guided tour of ancient Assos

• Saturday Afternoon Session 2 Applications

Chairman: Patrick Groenen (Erasmus University, The Netherlands)

17:00-17:45 **Ulaş Akküçük**: Attribute based and similarity based perceptual mapping methods: applications on automobile brands and patent data

17:45-18:15 *Tea/coffee break*

18:15-19:00 **Murat Tarakci**, Nufer Yasin Ates & Jeanine Porck: Testing and visualizing strategic consensus within and between teams

19:00-19:45 **Carles Cuadras**: Measures of association in comparing multivariate discrete images

20:00-23:00 *Reception* in Büyükhusun village

• Sunday 9:00-19:00 Full-day excursion to Troy and Bozcaada Island (Tenedos)

• Monday Morning Session 3 Biplots

Chairman: Antoine de Falguerolles (Université de Toulouse, France)

09:30-10:15 **Patrick Groenen**: Some new biplots

10:15-11:00 **Sugnet Lubbe**, Niël le Roux & John Gower: Analysis of distance biplots: grouped and ungrouped data

11:00-11:30 *Tea/coffee break*

11:30-12:15 **Niël le Roux**, Sugnet Gardner & John Gower: Biplots for categorical variables: grouped and ungrouped data

12:15-13:00 **Zerrin Aşan** & Michael Greenacre: Biplots of fuzzy coded data

13:30-16:30 *Excursion* to Sivrice Lighthouse Library

• Monday Afternoon Session 4 Correspondence analysis

Chairman: Niël le Roux (University of Stellenbosch, South Africa)

17:00-17:45 **Alfonso Iodice d'Enza**: Dynamic modifications of multiple correspondence analysis solutions

17:45-18:15 *Tea/coffee break*

18:15-19:00 **Biagio Simonetti**: Non-symmetrical correspondence analysis for ranked data

19:00-19:45 **Michael Greenacre**: Correspondence analysis, chi-square distance and rare objects

• Tuesday Morning Session 5 Related methods

Chairman: Jörg Blasius (University of Bonn, Germany)

10:00-10:45 **Antoine de Falguerolles**: Multidimensional scaling of distances associated with squared correlations and squared partial correlations.

10:45-11:30 **Elias Moreno**: Objective Bayesian model selection in probit models

11:30-12:00 *Tea/coffee break*

12:00-12:45 **Öztaş Ayhan**: Developments in population census coverage error methodology

13:30-19:00 *Excursion* to Ayvacık town on market day, Yeşilyurt village, Adetepe Olive Oil Museum and Afrodit hot springs
